DOMINION ORDERS IN COUNCIL.

[1608]

NOTICE.

CERTIFIED COPY OF A REPORT OF THE COMMITTEE OF THE PRIVY COUNCIL, APPROVED BY HIS EXCELLENCY THE GOVERNOR-GENERAL ON THE 1ST AUGUST, 1919.

**THE** Committee of the Privy Council have had before them a report, dated 24th July, 1919, from the Minister of the Interior, stating that W. U. Homfray, of Kamloops, B.C., has made application to purchase, under irrigation conditions, the lands enumerated in the accompanying schedule, containing approximately 810.3 acres.

The Minister observes that inspections as to the quality of the lands, the engineering features and the feasibility of the project have been made by officers of the Department of the Interior, who have reported that the lands are useless for agriculture without irrigation, that they can be made productive with the aid of irrigation, and that from an engineering standpoint the project is practicable.

That the lands are available for the purpose and adjoin an area of approximately 823.68 acres owned by the applicant.

The Minister, therefore, recommends that the lands enumerated in the accompanying schedule be sold to the applicant on the following terms and conditions:—

1. The land sold to be brought under cultivation by irrigation.

2. The purchase price to be at the rate of five dollars (\$5) per acre, subject to a deduction of the cost of the irrigation works up to an amount not exceeding two dollars (\$2) per acre, and the amount so credited shall be deemed to be a payment in cash made on the date of sale. The said purchase price to be paid as follows: One dollar (\$1) per acre within one year from date of the authorization of the sale by the Governor in Council, the balance within three years from the date of such authorization or upon fulfilment before the expiration of the said three years of all other conditions of the sale, with interest at 6 per cent. per annum and 7 per cent. on deferred payments.

3. The necessary water rights to be secured from the Provincial Government of British Columbia, no work to be done on the land until preliminary water rights are secured from the Province.

4. The work to be commenced within one year from the date of the authorization by Order in Council of the sale and to be completed to the satisfaction of the Minister of the Interior within three years from such date, unless other dates are fixed by the Provincial authorities in connection with the water rights, in which case the Provincial dates

may be accepted if approved by the Minister of the Interior.

5. Examination to be made by Engineers of the Department of the Interior on completion of the work.

6. Patent to issue, when conditions completed, for those parcels the irrigable portions of which have been brought under cultivation by irrigation.

7. The sale to be cancellable for non-payment of the purchase price or for failure to comply with any of the conditions of the sale.

8. Prior to patent no transfer or assignment of the lands, or any rights therein, to be made without the consent of the Minister of the Interior.

The Committee concur in the foregoing and submit the same for approval.
